# **FIRE ACTIVITY**

## **Cal OES Fire Preparedness Levels**

<b>National</b>	<b>Northern California</b>	<b>Southern California</b>
<b>Preparedness Level 5</b>	<b>Preparedness Level 4</b>	<b>Preparedness Level 3</b>
	<b>Multi-Agency Coordination System MACS Mode: 3</b>	<b>Multi-Agency Coordination System MACS Mode: 2</b>

### **Young, Vegetation Fire, Del Norte County**

Location: Siskiyou Wilderness

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/21/17 at 0757 hours:

- 1,200 acres, 0% contained
- Expected Containment: 10/15/17
- Monitor to ensure fire stays within the determined project area

### **Orleans Complex, Vegetation Fires, Siskiyou County**

Location: Ukonom Mountain and Siskiyou Wilderness

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/21/17 at 0757 hours:

- 8,096 acres, 51% contained
- Expected Containment: 09/30/17
- 2 single residences, 5 other minor structures threatened
- Line construction and suppression

### **Eclipse Complex, Vegetation Fires, Siskiyou County**

Location: Near Happy Camp

Jurisdiction: FRA

Per Cal OES Duty Officers as of [08/22/17](#) at [0549](#) hours:

- [36,900](#) acres, 19% contained
- Expected Containment: 10/10/17
- [Continue implementation of secondary suppression indirect containment lines](#)

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# **FIRE ACTIVITY**

## **Salmon August Complex, Vegetation Fires, Siskiyou County**

Location: Marble Mountain Wilderness and Trinity Alps Wilderness

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/21/17 at 0757 hours:

- 5,728 acres, 12% contained
- Expected Containment: 09/30/17
- Assembling resources

## **Ruth Complex, Vegetation Fires, Trinity County**

Location: Dutchman Rd, 7 miles East of Zenia

Jurisdiction: Federal DPA, FRA

Start time: 08/07/17 at 2233 hours

Per Cal OES Duty Officers and ICS-209 as of 08/22/17 at 0554 hours:

- 4,736 acres, 97% contained
- Expected Containment: 08/25/17
- Continue to strengthen containment lines

## **Toll, Vegetation Fire, Plumas County**

Location: 2 miles north of Quincy

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/22/17 at 0547 hours:

- 370 acres, 44% Contained
- Expected Containment 08/30/17
- 2 fires - Toll = 70 acres and Squirrel = 300 acres Total
- 50 residences and 20 minor structures threatened
- Continue to anchor, flank and construct direct line, continue to scout for contingency lines
- Critical fire weather anticipated with thunderstorms forecasted for the fire area

## **Activations**

- Plumas County EOC is activated at Level 1

## **Deployments**

- 1 Cal OES Emergency Services Coordinator (ESC) assigned to the Plumas County EOC

# **FIRE ACTIVITY**

## **South Fork, Vegetation Fire, Mariposa County**

Location: 1.5 miles east of Wawona

Jurisdiction: FRA

Per Cal OES Duty Officers and ICS-209 as of 08/22/17 at 0548 hours:

- 3,820 acres, 17% contained
- Expected Containment: 09/03/17
- 238 residential, 250 mixed commercial/residential structures, 2 commercial property threatened
- Line construction and holding operation will continue on the west flank of the fire. Natural barriers are being utilized as much as possible in securing the fires edge.

## **Evacuations**

- A mandatory evacuation order was enacted for the community of Wawona. The order was for all areas east of Highway 41 along Chilnualna Falls Road and Forest Drive.
- Approximately 300 persons were evacuated, half of which were believed to be vacationers.
- Yosemite National Park is closed to visitors and guests in the area east of Highway 41 on Forest Drive and Chilnualna Falls Road.
- Permanent residents are advised to be ready to evacuate within 12-24 hours.

## **Shelter**

- Tenaya Lodge 1122 CA-41, Fish Camp (Red Cross Shelter)
  - Midnight Shelter Count: 12

## **Indian, Vegetation Fire, Tulare County**

Location: 2 miles north of Jordan Hot Springs

Jurisdiction: Federal DPA, FRA

Per Cal OES Duty Officers and ICS-209 as 08/21/17 at 0757 hours:

- 2,295 acres, 80% contained
- Expected Containment: 08/30/17
- Utilize Air and hand crews, begin to demobilize crews and start suppression rehab

# **WEATHER OF CONCERN**

## **Weather of Concern**

- Isolated thunderstorms are expected this afternoon in eastern Trinity county and northeastern Mendocino county. More numerous thunderstorms are expected on Tuesday in Trinity county and northeastern Mendocino county.
- Temperatures will be climbing back above normal as we had throughout the week and will be near or above the century mark as we head into the weekend. Mountain thunderstorms will be possible both Tuesday and Wednesday afternoon and evening

## **Active Weather Warnings, Watches and Advisories by County:**

- <https://alerts-v2.weather.gov/counties/CA>

# **WEATHER SYNOPSIS BY REGION**

## **NORTHERN CALIFORNIA**

Isolated Thunderstorms Along Sierra Crest, Mainly Plumas County South Monday. Scattered to Numerous Wet Storms Tuesday. Dry and breezy over the higher terrain Wednesday and Thursday. A small plume of monsoonal moisture will remain trapped over the Northern Sierras and to a much lesser extent the Northwestern Mountains Today (Monday.) This will lead to the redevelopment of widely scattered wet and dry storms this afternoon across the northern Sierras with development occurring as far north as northern Lassen County. Very isolated storms will also be possible across the Mendocino NF this afternoon as well along with a few ground strikes. Other locations will see mostly clear skies under a general light, very warm southwesterly flow that will promote near-normal temperatures by late afternoon. Afternoon high temperatures may be a couple of degrees lower due to the morning solar eclipse which should slow warming and possibly delay morning temperature inversion breaks in the lower valleys.

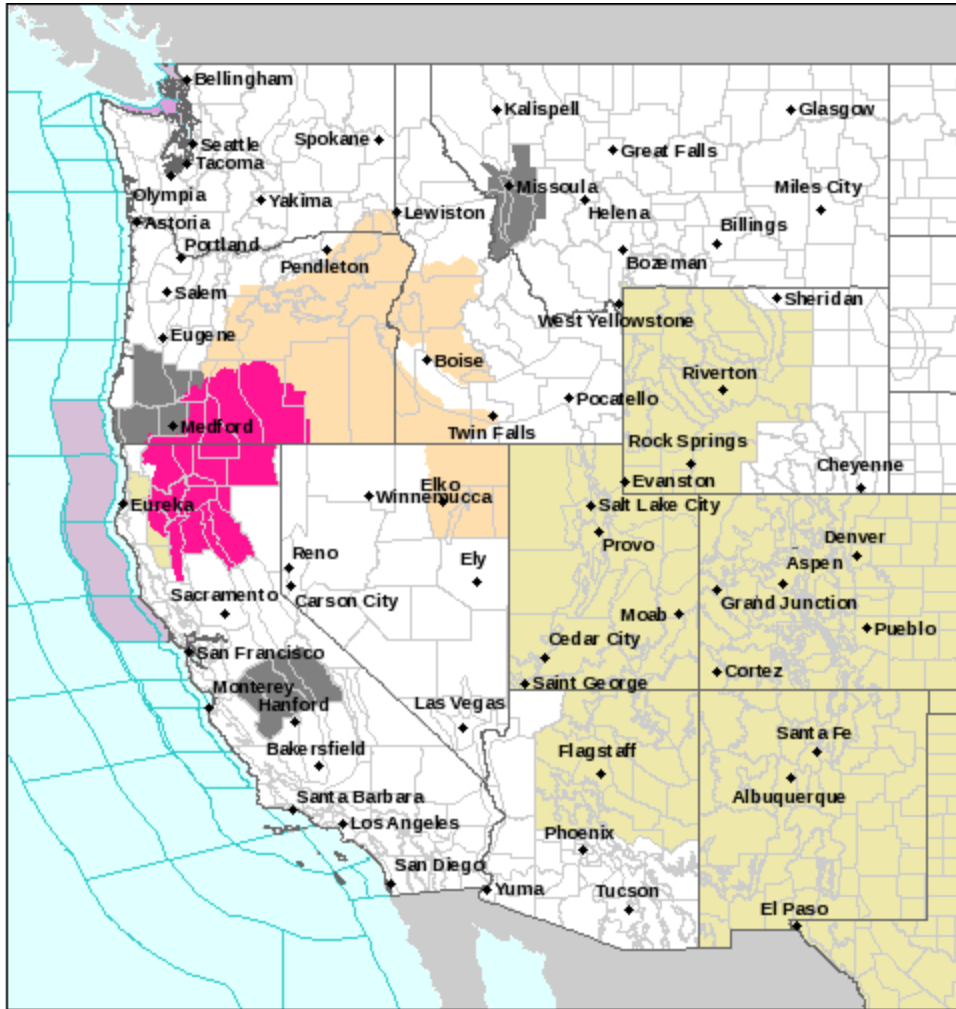

By Tuesday a cutoff low pressure center will have formed at the bottom of the trough near the central coast. It is expected to pull moist unstable subtropical air northward into Northern California and produce scattered to numerous thunderstorms over a much larger areas Tuesday and Wednesday. The primary concern will be Tuesday where primarily wet storms will produce abundant lightning over the higher terrain in the Northwestern Mountains and across the southern Cascades in the Northeast. The Northern Sierras can also expect significant lightning as well; however, the wetness of the storms are expected to mitigate some of the large fire potential. Widely scattered convection is expected across the southern Mendocino NF as well. By Wednesday, the plume of moisture will begin to move off to the east impacting mainly the Northeastern California, Northern Sierras, and the Far East Side PSAs with scattered wet convection. A few storms may also be possible in the Northwestern Mountains near Mount Shasta.

Looking beyond Wednesday, the focus shifts from convection to wind as a cold front moves east across the Pacific Northwest on Thursday. Breezy west winds are expected across the higher terrain in the northern PSAs that border Oregon.

## **SOUTHERN CALIFORNIA**

There will be very little change in the weather through Wednesday as an area of low pressure sits and spins off the coast of Point Conception. Scattered showers and thunderstorms will form over the Sierra and over the deserts bordering Nevada and Arizona mainly during the afternoons. Isolated afternoon showers and thunderstorms will also be possible over the Ventura and Santa Barbara County Mountains. The thunderstorm threat will come to an end on Thursday as the low weakens and moves inland over Southern California. Maximum temperatures will be near to a little below normal through Thursday, with upper 70s and 80s across the mountains and upper 80s and 90s in the valleys. Minimum humidity will be mainly between 20% and 40% through Thursday. Strong high pressure will set up over the Great Basin bringing significant warming and drying Friday and Saturday. Widespread triple digit heat will occur over the valleys and foothills and minimum humidity will be mainly in the single digits and teens away from the coastal areas this weekend. Gusty northerly winds will surface across much of Santa Barbara County and the Grapevine both Wednesday and Thursday nights.

# **Cal OES LAW ENFORCEMENT MISSIONS**

## **Cal OES Law Missions**

- **2017-LAW-38204, 8/21/17, 1053 hours:** The International Emergency Response Coordination Center (IERCC) reported an In-Reach device activation approximately one mile south of Angeles Crest Highway and one mile west of Switzer Falls, Los Angeles County. The registered owner (R/O), a 62 year old male, communicated via In-Reach text that he was lost, weak, and alone. Los Angeles County Sheriff's Office DOC was notified and initiated a search and rescue (SAR) mission. At 1212 hours, LASD reported their helicopter located the R/O and he was uninjured. Los Angeles Sheriff's Department (LASD) flew the R/O out to where his car was parked and concluded the mission. **MISSION CLOSED.**
- **2017-LAW-38222, 8/21/17, 1407 hours:** IERCC reported an In-Reach device activation plotting near the Lost Valley Creek area of Monterey County. The registered owner (R/O) of the device was a 38 year old male, who was hiking with two dogs. He messaged IERCC through his In-Reach device that he was out of food & water and was beginning to feel the effects of heat exhaustion. Monterey County Sheriff's Office was notified and initiated a SAR mission. A CHP aircraft was already airborne and responded to the coordinates. At 1620 hours, CHP H70 located the R/O uninjured, but dehydrated. CHP flew the R/O and his dogs to the Pfeiffer Big Sur State Park for pickup and Monterey County Sheriff's Office (MCSO) concluded the mission. **MISSION CLOSED..**

# Cal OES MISSION TASKING

## Cal OES Missions

- **2017-Cal OES-35819:** Twelve Caltrans engineers requested to conduct damage and site inspections throughout the state for impacts related to 2017 February Winter Storms. The lead engineer will report to the Joint Field Office to coordinate the response.
- **2017-SOC-36209:** Two Public Assistance Coordinators (Team 2) from the state of New Jersey continue to provide support to California through the Emergency Management Assistance Compact (EMAC). This team is scheduled to return to their home state on 8/27/17.
- **2017-Inland-37583:** DTSC Hazardous Waste Task Force (Mariposa OA)
- **2017-Inland-37584:** CalRecycle Debris Management Task Force (Mariposa OA)
- **2017-Inland-37776:** 2 Air Monitors for Mariposa County
- **2017-Inland-38039:** Five California Air Resources Board (CARB) air monitors have been placed in Siskiyou County to monitor smoke from numerous wildfires in Siskiyou County as well as smoke drifting into Siskiyou County from wildfires in Modoc, Trinity, Del Norte and Humboldt counties.
- **2017-SOC-38079:** Two PA Coordinators (Team 4) from the state of Colorado have been assigned to California through the EMAC system. This team is scheduled to return to their home state on 8/27.
- **2017-SOC-38123:** 1 HH-60 Blackhawk with 4 person crew and hoist capabilities to conduct potential MEDEVAC in vicinity of Baker City, Oregon before, during, and after the Great American Eclipse. This resource is scheduled to return to California on 8/22/17.

# *Cal* OES
